

GRANDTYME

Issue #6 – December 2008

Wishing you the peace, joy and love of the season
Kris and Steve

Featured Project

"Dan" finished a lower level family room in grand fashion. This project features a beautiful 65" Sharp LCD HDTV - framed in walnut to match the rest of the decor. The components are remotely located and Stealth Acoustics invisible speakers were used for the ultimate "clean" look. A universal remote control allows one button control of all components, AppleTV and the room lighting.

Product Updates

PSB Loadspeakers – we are now direct PSB dealers and have a nice variety of demo speakers in our showroom. These are high performance, high value loudspeakers for music, home theater and whole-house applications.
